Workshop or Conference

Vendredi 18 Août 2017, 14 :00
LPTENS, Room Conf. IV(Workshop on "Exceptional and ubiquitous Painlevé equations for Physics". Please see webpage https ://indico.in2p3.fr/event/14720/)
Domaines : hep-th

Titre : *Topological string, Spectral theory and Painlevé equations*

Orateur : **Alba Grassi (ICTP Trieste)**

Résumé : *I will explain how to embed the Painlevé/SU(2) gauge correspondence into the framework of topological string theory. Then I will explain how to use this more general framework to obtain some new results for the SU(N) case.*
